(February 2014 - March 2015)

Sponsored by AICTE,

Ministry of HRD Govt. of India, New Delhi

MAEERS,

Maharashtra Institute of Pharmacy, Pune, India-411038

MAEERS, MIP-Industry Institute Partnership Cell (IIPC)

VISION

To emerge as a leading 'Centre for Excellence' in the field of 'Pharmaceutical Education & Research' and evolve world class professionals to serve healthcare needs of an ever changing global society.

MISSION

To impart excellent and quality education through value based system to produce not just global professionals but ingenious thinkers in the field of Pharmacy and Health care.

ABOUT MAEERS MIP AND IIPC

An Industry-Institute Partnership (IIP) Cell is set up in the **MAEERS, Maharashtra Institute of Pharmacy, Pune** under the IIPC Scheme of AICTE in order to cater to the needs of Industries, Government and non-Government Organizations. The IIP Cell has the potential in developing a healthy, harmonious, mutually inter-dependent and synergistic relationship between academic institutions and corporate organizations. All stakeholders, namely, institution, industry, students and the society are expected to gain from this cell as it can be a win-win partnership. Institution stands to gain by way of revenue generation through consultancy development of employable manpower and most importantly the development of brand equity. Industry stands to gain by way of its problems being addressed by the institution as also by the increased productivity. Faculty stands to gain by way of exposure to latest industry practices and the students stand to gain by way of hands-on-training and reduction of learning curve in industrial practices. Finally the society stands to gain by way of improved quality of goods and services.

OBJECTIVES OF THE CELL:

- (a) To arrange industrial training and industrial Visits for students and faculty and identify student project work in Industries.
- (b) To encourage Industry to collaborate in Industry Study Tour Programmes (ISTP) and placement of students in Industries.
- (c) To interact with R&D Organizations for conducting joint research work involving faculty/scientists and students/research scholars etc.
- (d) Signing MOU's with industry and Institutes. Setting up of technology parks in collaboration with alumni and industry for cost effective opportunity for R&D leading to

MAEERS, MIP-Industry Institute Partnership Cell (IIPC)

marketable products.

- (e) Personality development workshop for students relating with soft skills (communication skills / personality development)
